The Director is authorized to charge any fees that may be due, or credit any overpayment of same, to Deposit Account No. 033975 (**Ref. No. 031792-0311567**).

REQUIREMENTS OF 37 C.F.R. §41.37

Appellants are submitting this Addendum to remedy an error that was made without deceptive intent in the Appeal Brief submitted January 7, 2005 (hereinafter "Appeal Brief"). In particular, the Appeal Brief stated, at pg. 2, that "...*there are no related appeals or interferences.*" This is inaccurate. Appellants respectfully identify the related Appeals, set forth below, for the consideration of the Board of Patent Appeals and Interferences. Appellants further apologize for any confusion that may have been caused by this unintentional oversight.

II. RELATED APPEALS AND INTERFERENCES - 37 C.F.R. §41.37(c)(1)(ii)

As recited on page 1 of the Specification, the present application is related to two commonly-assigned patent applications, the contents of all of which in their entirety have been incorporated by reference. The status of these related, co-pending, and commonly-assigned patent applications is set forth below.

1. U.S. Patent Application Serial No. 09/747,656, filed December 22, 2000, entitled: "Providing Navigation Objects for Communications Over a Network." An Appeal Brief was submitted in this application on February 8, 2005.

2. U.S. Patent Application Serial No. 09/747,666, filed December 22, 2000, entitled: "Tracking Transactions By Using Addresses In a Communications Network." An Appeal Brief was submitted in this application on June 21, 2004. An Examiner's Answer was mailed September 7, 2004, and a Reply Brief and Request for Oral Hearing were submitted on November 8, 2004.

CONCLUSION

Appellants respectfully request that the foregoing Addendum, identifying the related Appeals, be entered for the consideration of the Board of Patent Appeals and Interferences for at least the reason that the error described herein was unintentional and made without deceptive intent.

Date: **February 18, 2005**

Respectfully submitted,
